Dave Morrison Saddle Fitting	PROPER SADDLE FITTING AND BUILDING, DAVE MORRISON - Morrison Custom Fit Saddles, is based on providing saddles that are lightweight and built on trees that are custom fit to the backs of horses and mules that are experiencing saddle fit problems. My demos will use the Dennis Lane Back Profiling System to measure the animal to get a tree built that conforms to its back, no matter it's size or conformation. I will outline some common behavioral and performance problems associated with poor fitting saddles.
