Does Your Chapter Need Grant Help?

**To get started, I need the following information:**

- Project name

- Chapter lead/contact

- Land manger contact

- Project description

- Funding needs/cost estimate

- Partners (if any)

- Timeline

- Existing Funding, if any

- Photos of project site

Does Your Chapter Need Grant Help?

Getting Started:

- I have a template form that can be sent out to help gather project information.

- OR call/email me and we can fill it out together.

- How much help do you need?
    - I can submit a grant application for you, help you submit a grant application, or simply just review your grant application and provide advice.
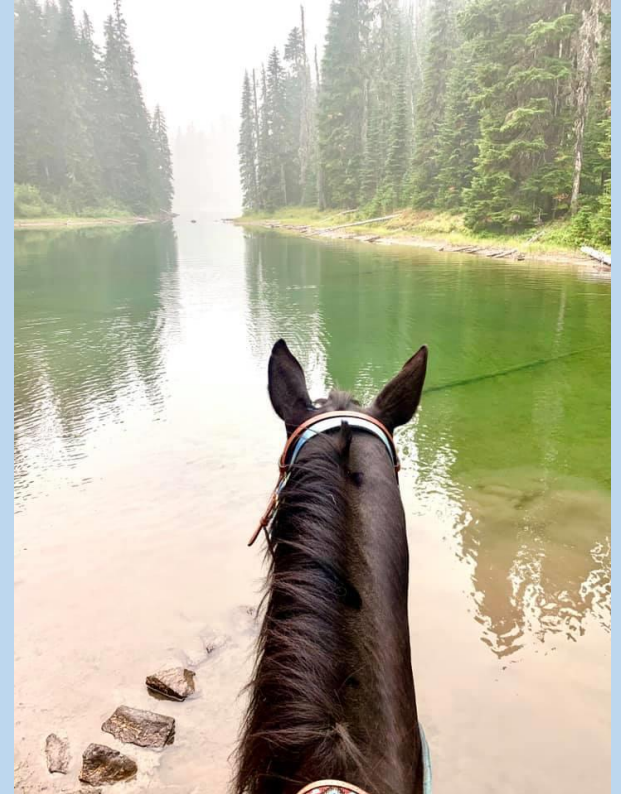

- **PLAN AHEAD – Grants take time.**

What's Out There For Grant Funding?

LOTS OF OPPORTUNITY – Here are a few examples:

BCHA grants - $100 to $1,000 online grant form and currently accepting applications until March 15th.

- **National Forest Foundations Matching Awards Program (MAP)** – Projects located on Forest Service lands with a 1:1 match requirement (RTP funding can be used as match). Two application periods (January, already passed) and again in early spring.

- **Trail Stewardship Funding**: grants range from $2,000-$10,000

- **LOTS** of private sources (Polaris, Ford Motor Company, North Face, etc.)

Projects That Need Funding:
(that I know about, contact me if you have a project)

- Whatcom – Bryce Cr. Camp, Heady Rd. Trailhead improvements

- Mt. St. Helens – Replacing wood corrals at Rock Cr. Horse Camp with pipe corrals.

- Ponderosa – Improve equestrian camp on BLM's Rock Cr. Recreation Area.

Grant Success – Networking is Key!

- Invite me to your chapter meeting; I can simply introduce myself and listen in or give a brief "grants" presentation.

- Introduce me to your land managers/partners (challenging during Covid but still important)

- Potential project pictures are also **very helpful** in spreading the word about the need and educating both me and possible funding sources.
