

Ken Wilcox Horse Camp Trail and Camp Log Out July 3rd-7th.

Ken Wilcox Horse Camp at Haney Meadows is located near the summit of Blewitt Pass about 8 east miles off Highway 97. The camp is at about 5500' has a long-storied past with BCHW. A fire in 2012 damaged much of the camp area and surrounding trail system. BCHW volunteers helped restore the camp area, made improvements, and cleared trails every year. Recent years new growth has become a problem with major wind events has brought much of the dead standing timber down. Combined with new growth overtaking the trails, most of the trail system is clogged. We will continue our volunteer efforts again this year and could use lots of help. The goal here is to keep the Ken Wilcox Horse Camp and the surrounding trail system open to all stock users and the public to enjoy.

Pre-Register required by June 15th.

Camping sites with overflow area. Hi-line or tie to trailer, stock water available no potable water. Weed seed free hay required (USFS). No grazing allowed in the meadow.

- Needed are packers capable of hauling chainsaws and other tools.
- Certified BCHW Sawyers only, must be current on first aid CPR and provide their own saws and PPE.
- Sawyers needing recertification or new sawyer's who have completed classroom training will have an opportunity to complete the sawyer certification at this time. You must send your request in advance.
- Other work includes brushing, tread work also needed improvement in camp Hitching rails meadow fencing and signage replacement.
- We will have a good supply of tools for most projects and a limited supply of hard hats. If you have a favorite trail tool, please feel free to bring it. Please make sure to have plenty of water and sturdy gloves.
- Great trail riding with easy to moderate trails. Green Trail Map #210 would be a good map of the area Green Trail #211s if attainable is even better.

Please Save the date more to follow as planning has just begun!
