

Get to Know Lori Lennox (BCHW Publicity Team Member)

In 1989 a good customer was helping to start a "riding club" and suggested my husband and I join. We did but had no idea what a "chapter" was so we didn't pay our local dues to the brand new Lewis County Chapter. We thought it was odd they never told us about any meetings.... a year later we went on a Poker Ride they put on and had so much fun that we joined the chapter too, just so we could find when and where the next Poker Ride was. We had NO idea about a Mission Statement or what a work party was. Two months later I found myself as the chapter treasurer and then went on my first work party with our four-year-old son soon after. I finally "got" it! And am still here.
