IT'S ALL ABOUT THE RIDE:

Length of ride is up to riders, with two different loops to choose from. Our West loop runs a total of 12-miles, or about 4 to 5 hours ride. The East loop runs a total of 8-miles or 3 to 4-hours riding if ridden straight through with no stops. The West loop has a shorter optional route for those wishing to cut down the mileage. A Winery card will be in your packets so you will know which loop you are starting out on.

Dogs are not allowed in registration areas or on the trails.

1. Each rider determines their time on the trail by the amount of time they spend at each winery and their horses' pace. There's ample opportunity to spend plenty of wine tasting time. Riders go out as early as 9:30 am and return as late as 5:30 pm, at their discretion but **PLEASE be back to your trailers before dark and be safe.**

Take your plastic wine glass with you to the wineries.

2. Terrain is mostly even with some low rolling hills. This is farm/orchard country (and vineyards, of course). Mostly dirt, some gravel, some pavement (short distances).
3. There can be up to a total of 12 participating wineries, if all owners again choose to participate. An average of 6 wineries are on each loop depending on participation. (3 of them are on both loops).
4. Some wineries have hitch rails; some have trailers to tie too. At times these wineries can get very crowded and you will either need to wait for a tie spot or you will need to share horse holding duties. **Please do not tie to trees or grape posts.**
5. If your horse is prone to kicking in tight situations, please tie a red ribbon on the tail.
6. **Please respect the wineries business, do not consume any alcohol other than wine purchased specifically from that winery while on their property.** Violating this may cause the wineries to have their license revoked or fined by the State of Washington.
7. Some of the wineries do charge a tasting fee. This fee is separate from ride fees and does not go to BCHW. There will be a list of wineries tasting fees available as handouts. BCHW has no control over wine tasting fees.
8. **Wear your rider number (Wrist Band) so that it is visible at all times. This establishes your legitimate right to be on the winery's property.**

Food:

Some wineries may have food available.
